

**Río Secreto Wild**, A gift from nature that takes us to an unparalleled underground world that stay silent for thousands of years to surprise the lucky adventurers who are ready for a unique experience in contact with silence while being enveloped by the sounds of nature.

## STEP BY STEP

- Visitors arrive at the reception of Río Secreto at 8:00, where they will meet their guide and receive instructions on their trip. In this place, they will receive A continental breakfast and the necessary equipment for the expedition: helmet with lamp, wetsuit, water shoes and snacks to take away.
- Then, they will drive a bike for a distance of 11 km on a jungle trail, full of vegetation and will be able to observe the local fauna to get to the entrance of the Xibalba, the mayan underworld.
- They will travel 1km and a half in a dry cave for about 1h30 to 2h00, where you can observe incredible formations and collapses, you will walk between light and dark, to the camp of Selva (jungle).
- In the camp of Selva (The jungle), you can enjoy the snack you have.
- Here, the guide will ask you to equip yourself with the neoprene suit (wetsuit), the lifejacket, the water shoes and with the snorkel equipment.
- After swimming for two hours in a semi-flooded cave (time depends on the adventurers), they will return to the camp of Selva (The jungle) to change and prepare to return to the base camp where they will receive a regional buffet.
- Finally, they will return to the reception to be transferred to their hotel, either by their own means or by reserved transport.
